

## **Positive Parenting Program (Triple P) Training Information**

Applicants for PCCD grant funding announcements are required to obtain two letters of acknowledgement for their training needs: one from Triple P and one from the EPISCenter. When possible, EPISCenter will coordinate statewide training here in Pennsylvania.

To inquire about Letters of Acknowledgement:

Triple P: [contact.us@triplep.net](mailto:contact.us@triplep.net) or 803-451-2278

EPISCenter Prevention Coordinator: [triplep@episcenter.org](mailto:triplep@episcenter.org)

### **Creating a Training Budget**

Triple P training costs are set by the developer. Due to the varied nature of the program levels, it is recommended that individuals contact Triple P America for questions related to training and obtain projected costs for budgeting purposes.

While keeping in mind that every effort will be made to host Triple P Trainings here in PA to keep training costs to a minimum, applicants should use the maximum fee for budgeting purposes.

---

**Additional topics to consider related to training are: consultation/workshop days and staff turnover.**
