Episcenter Listing of Published Research Articles for
The Strengthening Families Program: For Parents and Youth 10-14

The majority of research articles listed above were prepared as part of Iowa State University’s assessment of SFP 10-14’s efficacy and effectiveness.

Additional individuals and organizations have published research articles, but they are not included.

The EPISCENTER maintains a library of SFP 10-14 research articles. For further information on the articles above or to request additional articles, please contact:
